

Toxicology CPT Code Changes for 2017

Beginning January 1, 2017, there are new presumptive (screen) toxicology CPT codes that will replace the existing AMA CPT and CMS HCPCS codes for presumptive drug testing. All AMA and CMS definitive drug testing codes remain unchanged at this time.

The following AMA CPT codes for presumptive drug testing are deleted:

- 80300
- 80301
- 80302
- 80303
- 80304

In addition, the following AMA CPT codes for specimen validity testing are deleted:

- 84311
- 83986
- 82570

CMS will also recognize the new AMA codes and delete the following G codes:

- G0477
- G0478
- G0479

Presumptive drug testing

CPT code: 80305 Drug test(s), presumptive, any number of drug classes, qualitative; any number of devices or procedures, (e.g., immunoassay) capable of being read by direct optical observation only (e.g., dipstick, cups, cards, cartridges) includes sample validation when performed, per date of service (maps to 80300 or G0477).

CPT code: 80306 Drug test(s), presumptive, any number of drug classes, qualitative; any number of devices or procedures, (e.g., immunoassay) read by instrumented assisted direct optical observation (e.g., dipstick, cups, cards, cartridges) includes sample validation when performed, per date of service (maps to 80300 or G0478).

CPT code: 80307 Drug test(s), presumptive, any number of drug classes, qualitative; any number of devices or procedures, by instrument chemistry and analyzers (e.g., utilizing immunoassay [EIA, ELISA, EMIT, FPIA, IA, KIMS, RIA]), chromatography (e.g., GC, HPLC), and mass spectrometry either with or without chromatography, (DAT, DESI, GC-MS, GC-MS/MS, LC-MS, LC-MS/MS, LDTD, MALDI, TOF) includes sample validation when performed, per date of service (maps to 80301, 80302, 80303, 80304 and G0479). Most of our presumptive drug tests at Quest Diagnostics will fit the CPT code 80307.

Toxicology test codes

On the following pages, you will find the most commonly ordered presumptive drug tests performed at Quest Diagnostics and the associated CPT codes for 2017. This is not an exhaustive test code list, however you can access additional test codes from our Test Center using the link below:
