

CARE360™ PHYSICIAN PORTAL

SHARE LAB RESULTS
WITH PATIENTS ONLINE.

Improve office efficiency.

IMPROVE OFFICE EFFICIENCY

Streamline workflow by sharing lab results with patients through your Care360™ Physician Portal

- Cut down on phone calls, chart pulls, faxing or mailing test results while maintaining HIPAA compliance
- The process for releasing results can be fully automated, completely manual or somewhere in-between. The choice is yours:
 - You control when and which results to release
 - Multiple PIN delivery options make it that much easier on you and your staff (in office, email or PSC)
- Patients choose their health management service(s), saving you and your staff time

ENHANCE YOUR PATIENTS' EXPERIENCE

Empower patients to participate more actively in their health

- Now, with Google Health™, Keas™ and Microsoft® HealthVault™, your patients have more choices where to store their complete personal health records, lab results, and more
- Your patients' health information is always readily accessible whenever and wherever they need it

HELP EVERY PATIENT BECOME A VIP (Very Informed Patient)

- Support patients in making informed healthcare decisions
- Show your commitment to delivering the highest-quality care
- No cost to you or your patients
