

Quest Diagnostics Pre-approved Web Links

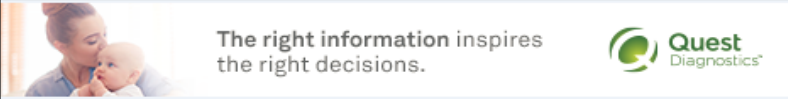

Linking to Quest Diagnostics

You can link to the Quest Diagnostics site by using any of the digital link options displayed from the choices below. Available link options consist of the Quest Diagnostics logo, banners, text links or a combination of text & logo links.

To get started, first find the specific link option (in Column A) that you want to display on your webpage, next copy the corresponding HTML Embed Code for that option and paste it into the desired location, in the source code, of your intended webpage. The landing page that corresponds to each link option is also shown below (in Column B). To successfully link to the Quest Diagnostics site using these link options, you should be familiar with HTML Embed Code and editing the source code of your webpage. If you are not knowledgeable in this area, speak with the person who manages and/or edits your website.

Quest Diagnostic Digital Link Options	Landing Page	HTML Embed Code
Logo	Quest Diagnostics web site page this option will link to	HTML Embed Code (Logos)
Small Logo (127 x 61 pixels)	www.QuestDiagnostics.com	
Large Logo (183 x 89 pixels)	www.QuestDiagnostics.com
