

Simplify wellness solutions with Quest Diagnostics

Helping benefit consultants deliver high-impact, simplified wellness programs

At Quest Diagnostics, we understand the challenges you face in balancing cost, compliance, and client satisfaction. That's why we've developed a comprehensive suite of wellness services designed to simplify benefits management, improve employee health, and drive measurable outcomes.

With over 50 years of healthcare expertise and the trust of America's largest employers, Quest delivers data-backed insights and solutions tailored to meet the unique needs of your clients and their workforces.

Configurable and integrated solutions that span the employee's wellness journey

Lab testing

Identify cancer and other health and safety risks with a broad portfolio

Occupational health

Meet employees where they are with mobile and on-site collections

Physical exams

Leverage health coaching and condition management

Health and wellness

Drive healthcare savings and measurable outcomes

Solutions that deliver **valuable health insights** for you and your clients

Simplified vendor management

A single, trusted partner for wellness, health coaching, and workplace safety solutions

Measurable impact

Leverage our data and reporting to identify chronic conditions and hidden risks to take action on

Configurable options

Tailored and configurable services and solutions that fit seamlessly into existing frameworks

Partnering with Quest Workforce Health Solutions means you can confidently recommend programs that drive employee engagement, reduce costs, and enhance your clients' overall benefits strategy.
