

Preview the MyHealthQuest platform

Easy-to-use interface delivers results quickly to employees and gathers population health data to employers

Quest Workforce Health Solutions is modernizing our digital platform to **deliver a next-generation experience for employers and employee participants**. Now under development, MyHealthQuest is designed to reduce point-solution fatigue and make outcomes easier to see and act on.

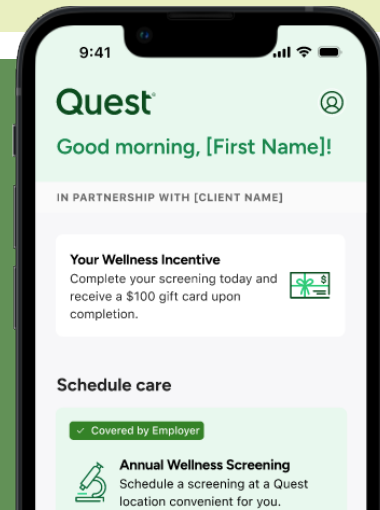

1 platform,
2 views

With intuitive dashboards for both employer administrators and the employee population, the MyHealthQuest platform will make it easy to **embed Workforce Health Solutions across an organization** and into their existing benefits ecosystem.

Employer Admin view

- Self-service administrative dashboard
- Visibility into near-real-time participation rates
- Connectivity across multiple vendors
- Data sharing to aggregate insights

Participant view

- Convenient appointment scheduling
- Screening and test results
- Actionable insights with personalized next steps
- Pathways to employer-sponsored resources
- English and Spanish experiences

Expected timeline

Q1/Q2 2026: Preview the new platform

Q4 2026/Q1 2027: Release MyHealthQuest
