

Dear valued client:

We understand that occasionally you may need patient results more quickly than our routine next-day service provides. We offer two levels of expedited laboratory services to meet your test result needs: Same Day and STAT testing.

STAT testing service is available for client offices 8:00 AM – 4:30 PM, within a defined geography for a specific menu of tests. To access STAT testing services, follow the instructions below.

1. Determine if the test is available for STAT service (per the “Same Day / STAT Testing” menu).
2. Once the specimen has been collected, contact Quest Diagnostics Client Services at 1.866.697.8378 to request a **STAT pickup**. Please have your Quest account number and zip code available.
3. Provide our Client Services representative with each STAT test code.
4. Place the STAT specimen and requisition in the appropriate STAT bag.
5. Any other test(s) ordered (non-STAT) need to be sent on a separate requisition, in the appropriate routine specimen transport bag. The non-STAT test request(s) can be provided to the courier at the same time as the separate STAT order.
6. A STAT route representative will be dispatched to your location as quickly as possible.
7. Quest Diagnostics strives to complete STAT testing on specimens received within four hours from the time of the request for pickup and within 2 hours of delivery to the laboratory. The time of day, traffic, and weather conditions as well as the distance from the testing laboratory may impact turnaround time.

Regarding Same Day services, please inquire with your local sales representative to determine whether these services are available in your area.

Thank you for choosing Quest Diagnostics for your laboratory testing needs.

Sincerely,

Kimberly Adams

905	Uric Acid			Updated: 7/24/2025

STAT specimens received between 8:00 AM and 4:30 PM are released within 2 hours of delivery to the laboratory.

**** STAT testing services are NOT available on Sundays or holidays. ****

More patients can now choose Quest Diagnostics.

Quest was selected to provide expanded in-network access with 2 health plans:

- National preferred lab provider with all Anthem Blue Cross and Blue Shield products in all states, including all Anthem Blue Cross and Blue Shield and its affiliate HealthKeepers, Inc. products in VA. [Learn more.](#)
- Exclusive independent national lab provider with Sentara Health Plans in Virginia. [Learn more.](#)

Quest continues to be in-network with the majority of health plans.
